Varsharani Mane

FULL STACK DEVELOPER

Mumbai | 9359509597 | varshamane2002@gmail.com | **https://varshamane.vercel.app/**

OBJECTIVE

A highly skilled Web Developer with 3+ years of experience in PHP(Laravel, CodeIgniter), frontend technologies, and dynamic web applications, specializing in LOS ,LMS & e-commerce development. Eager to contribute to innovative and user-centric solutions that drive success.

WORK EXPERIENCE

Kritva Technologies (SBIGFL – Client Site) | Software Engineer   **06/2024 – Present**

Technologies: Laravel Framework, MySQL, PHP, JavaScript, jQuery, Bootstrap ,Ajax,HTML,CSS

1. Designed and implemented financial calculation modules to ensure accurate storage of financial data and calculation of internal ratings based on financial information and CRISIL formulas for the LOS project.

2. Integrated third-party APIs to enhance functionality, including Karza for PAN verification, Corpository for client information retrieval, and CRIF for comprehensive credit reports.

3. Implemented encryption for personal information using OpenSSL to enhance data security and privacy.Developed a robust Content Management System (CMS) for efficient data storage and management.

4. Built a committee approval system to streamline decision-making processes and improve workflow.

5. Developed financial rating modules and automated Gold Pool Report Generation.

6. Built a Loan Management System (LMS) - including invoice booking, limits exposure, and disbursement for internal and external users.

7. Conducted requirement gathering for LOS directly from users to ensure precise system implementation.Led a team and conducted technical interviews to hire skilled developers.

Noitavonne | Web Developer   **05/2022 – 05/2024**

1. Developed and maintained web applications using PHP and Laravel.
2. Built RESTful APIs and integrated them with React-based frontend applications.
3. Designed user-friendly interfaces with HTML, CSS, JavaScript, and React.js.
4. Developed CMS solutions for dynamic website content management.
5. Enhanced e-commerce functionalities and integrated payment gateways (Stripe, PayPal).
6. Implemented Single Sign-On (SSO) authentication for secure access.
7. Optimized site performance and SEO to improve load time and search rankings.

Noitavonne | Web Developer Intern   **11/2021 – 05/2022**

1. Developed a Content Management System (CMS) using CodeIgniter.
2. Built interactive applications using HTML, CSS, JavaScript, AJAX, and jQuery.

EDUCATION

Diploma in Computer Science   **2021**

Nanasaheb Mahadik Polytechnic Institute

SKILLS

Programming Languages: PHP, HTML5, CSS3, AJAX, JavaScript, SQL

Frameworks & Libraries: CodeIgniter, Laravel, jQuery, React JS,Tailwind

Version Control Systems: GitHub

Databases: MYSQL

Authentication: JWT, SSO

PROJECTS

LOS (Loan Origination System)

Technologies Used: Laravel, MySQL,Javacript,Jquery,Ajax,Bootstrap,CSS

- Streamlined approval and verification processes, reducing manual effort.
- Ensured accurate financial rating calculations and deployed a high-reliability system.

LMS (Loan Management System)

Technologies: Laravel, MySQL, JavaScript, Ajax, Bootstrap, CSS

- Developed invoice booking process tracking and limits exposure management.
- Implemented an interactive dashboard for real-time monitoring.

SiloCloud & Silo ERP, Silo OpenWorld, Persona Projects

Technologies Used: PHP, Codeigniter, Laravel,MySQL,Javacript,Jquery,Ajax,Bootstrap,CSS

- Deployed CMS and e-commerce solutions, improving operational efficiency.
- Integrated SSO authentication and optimized system interoperability.

YouTube Clone

https://youtubex-clone.netlify.app/

Technologies Used: React Js, Tailwind,Javascript,Youtube Data API

- Developed a responsive YouTube-like application with search and video playback.

Thar Trek

https://thartrek.netlify.app/

Technologies Used: React Js,Tailwind,Javascript

- Developed an interactive and visually appealing user interface for the Thar Trek project using React.js

ACHIEVEMENTS & LINKS

- **React from Scratch to Advanced**
  Successfully completed a comprehensive React course from foundation to advanced levels on Mind Luster platform, mastering both basic and advanced concepts.
